

DRAFT WIA TITLE 1 PERFORMANCE MEASURE MAP

A Guide to Performance Reporting and the ASSET System

**DEVELOPED BY:

**June 2006
Version PM.06.01**

How to Use this Map

The WIA Title 1 Performance Measure Map is a tool for analyzing WIA Title 1 performance measure results by individual participant and checking case records during program participation, at exit and in the post-exit performance measure quarters. The Map is also designed to be used in conjunction with the Performance Measure Technical Assistance Guides (TAG). Together, these documents will help WDB staff and local service providers understand how performance measures work and where the information resides in the Automated Systems Support for Employment and Training (ASSET) reporting system.

The Map is arranged by performance measure. Each U.S. DOL performance measure is presented and includes three tables that illustrate:

- Numerator criteria and where reported in ASSET,
- Denominator criteria and where reported in ASSET, and
- Performance measure time periods by quarter and program year.

The Map assumes that an individual is only receiving services under one WIA Title 1 program area (Adult, Dislocated Worker or Youth). When participants receive services paid for by more than one program area or partner programs that are tracked in ASSET, they are counted in each fund source's performance measures as applicable.

All Youth Performance Measures

In April 2005, U.S. DOL established three new Youth measures that apply to youth ages 14 - 21 who receive services under the WIA Title 1 Youth Program. This map includes the three new measures, even though some of the ASSET reporting details haven't been implemented yet. A number of ASSET changes cannot be made until the PY05 Annual Report has been completed and submitted to U.S. DOL in October 2006.

Adult Entered Employment Rate

Of those who are not employed at the date of participation:

Number of adults who are employed in the first quarter after exit divided by the number of adults who exit during the quarter.
